TISAX® TEST RESULT IS AVAILABLE!

Trusted Information Security Assessment Exchange – TISAX® for short – is used for cross-company recognition of information security assessment results in the automotive industry. The assessment according to the VDA ISA (Information Security Assessment) catalog of requirements is carried out by the external audit service provider for Schwering & Hasse Elektrodraht GmbH. This ensures the highest standards for information security. The audit was carried out under the sponsorship of the ENX Association, an association of European automobile manufacturers, suppliers and associations. TISAX® is a registered trademark of the [ENX Association](#).

The TISAX® certification allows us to meet the requirements of our customers for the highest level of information security. The protection of the sensitive data entrusted to us by our customers is a top priority for us! The result can only be accessed via the ENX portal (TISAX® and TISAX® results are not intended for the general public):
